WARNING

BE CAREFUL OF
Tension and Loose Connections

- Turn off engine.
- No smoking or open flames in the fuel dispensing area.
- No one under 15 may use pump. Do not leave pump unattended when in use.
- Turn off all phones and other electronic devices.
- Discharge your static electricity before handling.

Batteries using pump, must only be used on the fuel dispensing area. Do not use on other areas. This will discharge static electricity on your body. Please do not discharge your static electricity.

Do not service your vehicle while gasoline is present. This can discharge you from static electricity. If you must service your vehicle, discharge static electricity again before handling the automobile.

If a fire starts, do not remove nozzle. Use only extinguisher and not attempt to be extinguished in an area, use the emergency exit or break in case of fire.

- Do not put fuel in unapproved containers.

For help - call attendant.
